Dedicated to Mr. Smith

The Annual Staff of 1971-1972 wishes to express their many thanks to Mr. Smith. For the many special occasions which occur on and off campus, Mr. Smith is usually called on to direct the decorating committees, which most always includes only himself. Not only has Mr. Smith been so dedicated to his art, but, also, to his students. If we have a problem his suggestions often lead us to a reasonable solution. We, the students of the Annual, extend a hand of gratitude for all his talents and contributions.

LEFT TO RIGHT: Mr. Massa, Mr. Hershkowitz, Mr. Hansen, and Mr. Carriere.

Principal's Message

During every school year, I am truly amazed at the wonderful things young people can do when properly motivated and directed. It is doubtful if many will remember much from the academics after their high school years; but equally certain is the promise that all will remember the attitudes of citizenship, social living, and team work that were discovered and learned while in high school.

The ground work and the framework of a successful life are laid right here among your fellow students. In your aspirations, assert yourself and be self-evaluating, yet never losing sight of the fact that the attitude of learning to live with your neighbor is a paramount objective of your being here.
